

JC

JOSHUA CLARK

SOFTWARE ENGINEER

EDUCATION

Bachelor's Degree in Computer Science & Psychology

GPA: 3.40/4.0

EXPERIENCE

Full-Stack Software Engineer

- Work daily with Python, JavaScript, PostgreSQL and AWS to develop, update, and debug SpinCar's suite of apps.
- Developed SpinCar's integrations with Carsales (AU) and La Centrale (FR).
- Communicate directly with product team to ensure correctness and punctuality of new features and bug fixes.
- SpinCar Bowling Champion 2019

Software Development Intern

- Developed Go client and hub application to manage a network of Raspberry Pis, used to monitor server performance.

Software Development Intern

- Created a Python application to view stacks of thin, sequential images as 3-dimensional models.
