JC

JOSHUA CLARK

SOFTWARE ENGINEER

EDUCATION

Yale University
2015 - 2019

Bachelor's Degree in Computer Science & Psychology
GPA: 3.40/4.0

EXPERIENCE

SpinCar
July 2019 - Present

Full-Stack Software Engineer

- Developed web app to automatically email clients when their ad campaign budgets were low, prompting them to spend more.
- Wrote scripts to analyze databases to gain insights into customer behavior.
- Work closely with product team to design, implement, and deploy new features and fixes to SpinCar's suite of apps.

El Toro
May - August 2018

Software Development Intern

- Developed Go client and hub application to manage a network of Raspberry Pis, used to monitor server performance.

Regeneron Pharmaceuticals
May 2012 - Sept. 2014

Software Development Intern

- Created a Python application to view stacks of thin, sequential images as 3-dimensional models.
